

Directions by car to private parking

Location Private parking: <https://maps.app.goo.gl/TcHimvzkiBpKznym8>

Exit at the **CARRODANO-LEVANTO** toll booth (on the **A12 Genova-Livorno**).
Follow the signs for **Levanto** and **Monterosso**.

After about 10 minutes you will come to a **first roundabout**, take the road on the second exit between the houses.

Shortly after you will come to a **second roundabout** and take the last exit from the roundabout on the left (which is the road to the right of the church).

After Levanto the road leads up a hill.

Once you reach the top of hill and pass a short tunnel, after 400 meters **DO NOT take the road on the left** for La Spezia, Pignone and Vernazza, but continue straight and after a few meters at the **CROSSROADS / FORK** (where, on your right, there is also a hotel: Hotel Il Colle di Monterosso) **take a LEFT** for “**Monterosso centro storico**” and “**Parcheggio LORETO**” ignoring the sign in front on the right for “Monterosso Fegina”. If after two hundred meters you enter a tunnel you are on the right road.

After 5 Km. On your left you will find the municipal parking lot: **Loreto Park**. Do not enter either the large terrace or the two subsequent entrances, but **continue straight** and just before a roundabout that has the start of the ZTL in front of you, **enter on the left**. Call me on the phone when you are about to arrive so I can come and open access to the private parking lot for you.
